Planning Your Event

Many groups book our facilities a year to 18 months ahead, not just because **Letton Hall** is a popular venue, but because it takes time to plan a group residential retreat.

The key to a successful residential retreat is planning and promoting your event early. Here are 10 top tips:

- 1 **IT'S A MARATHON, NOT A SPRINT** - Keep going and don't get discouraged. A good start would be to plan a visit to your chosen venue.
- 2 **HAVE CLEAR AIMS FOR THE EVENT** - Consider your priorities - what you want to achieve will affect what you do.
- 3 **PLAN WELL AHEAD** - It will take months to plan your event. List what you need to do, delegate areas of responsibility and meet regularly with your helpers. **You can't start too early but you can start too late!**
- 4 **BUDGET CAREFULLY** - Draw up a detailed budget and pay on time. The sums of money involved and the liability to your venue can be significant.
- 5 **PROMOTE THE EVENT EARLY** - Don't assume people will come. Get people to sign up and pay a deposit - even your friends!
- 6 **TAKE OUT INSURANCE** - This can cover damage or personal injury sustained during your event and what could be expensive financial liabilities if you have to cancel.
- 7 **PROGRAMME** - Don't overfill your programme. People need time to move around a venue and go to the toilet. Good programmes allow space.
- 8 **READ THE INFORMATION PROVIDED BY YOUR VENUE** - Small print can seem boring but it is often vital and very helpful. Complete any forms and submit them on time.
- 9 **GET SOME RESOURCES TO HELP YOU** - covering subjects like programme ideas, activities, menus, health & safety etc
- 10 **EVALUATE** - Get feedback from your delegates and give feedback to your venue. Did you achieve the aims you set out to achieve? Do you want to do it again? If so, you may need to book a venue and start planning again soon!
